Description

Origanum dictamnus, also known as Dictamus or "Erontas" in local Cretan dialect, was known in the ancient Greeks which they considered as the "herb of love". The dictamus grows wild exclusively on the mountains and canyons of Crete. It creates an excellent drink with delicious aroma and taste.

{tip Please note::The information on the medicinal properties of herbs and diseases, which are contained in this site, originate from folk habits and traditions, speculations passed on from one generation to the next, and have not been studied scientifically in depth

**THEY ARE NOT MEDICAL ADVICE,
